

ESRI Shapefile for data created in Report 308-1 from the original 1995 contract files.

Data:

SHAPEFILE\tot_pge_pt.shp

GIS shapefile created from the tot_pge dBase IV (.DBF) file containing Au, Pt, Pd data for 1946 samples from the combined project 308-1 study. The shapefile was spatially located using the Latitude-Longitude coordinates from the original dbf file and then projected into Nad 83 UTM Zone 15 North.

See report308.pdf for detailed information regarding this project's data.
