## REPORT DOCUMENTATION

**Title:** Wetland Plants and Plant Communities of Minnesota and Wisconsin

**Authors:** Steve D. Eggers  
Donald M. Reed

**Published By:** U.S. Army Corps of Engineers, St. Paul District

**Final Report:** 1997; 263 pages, unclassified.

**Key Words:** Bogs, Wet Meadows, Wetland Communities, Marshes, Swamps, Wetland Plants, Hydrophytes, Fens

**Abstract:** The wetlands of Minnesota and Wisconsin are categorized into fifteen plant communities. Each community is described and illustrated by color photographs, along with descriptions, color photographs and ink drawings of 144 representative plant species. The descriptions include taxonomic characteristics, habitat, and notes on wildlife use and economic values.
