

## RED LAKE COUNTY (63)

Number of lakes ..... 2  
 Lake area, acres. .... 68

All of the topography of Red Lake County is composed of a lake plain that was deposited by Glacial Lake Agassiz. It contains only one natural lake, Huot Slough, 63-2, which is an elbow lake formed by a meander cutoff of the Red Lake River. Another lake, 63-1, is an artificial basin which is part of a wildlife area.

Ident. number	Name	Range	Township	Location	Section	Area in Acres	Meandered	Remarks
63-1		45	151	21		45	...	
63-2	Huot Slough	45	151	28		23	...	Artificial
