This volume contains interim results of wildlife research projects. Some of the data and interpretations may change as a result of additional findings or future, more comprehensive analysis of the data. Authors should be contacted regarding use of any of their data.

Printed in accordance with Minn. Stat. Sec. 84.03

Equal opportunity to participate in and benefit from programs of the Minnesota Department of Natural Resources is available to all individuals regardless of race, color, creed, religion, national origin, sex, marital status, status with regard to public assistance, age, sexual orientation, membership or activity in a local commission, or disability. Discrimination inquiries should be sent to MN DNR, 500 Lafayette Road, St. Paul, MN 55155-4031; or the Equal Opportunity Office, Department of the Interior, Washington, DC 20240.

Printed on recycled paper containing a minimum of 30% post-consumer waste and soy-based ink.

TABLE OF CONTENTS

Farmland Wildlife Research Group

Estimating white-tailed deer abundance using aerial quadrat surveys.	
Brian S. Haroldson	1
Estimating white-tailed deer density using trail cameras.	
Emily J. Dunbar and Marrett D. Grund	8
Ecology, hunting seasons, and management of gray and fox squirrels in Minnesota.	
Emily J. Dunbar, Eric M. Walberg, and Richard O. Kimmel	13
Conditional probability of detection of ring-necked pheasants in crowing male surveys.	
Alison L. Harwood, Brock R. McMillan, Kurt J. Haroldson, and John H. Giudice....	18
Research proposal: establishment and maintenance of forbs in existing grass stands.	
Molly Tranel.....	33
Wild turkey food habits on the northern fringe of their range in Minnesota.	
Eric M. Dunton, Joshua T. Ream, John Fieberg, and Kurt J. Haroldson.....	42

Forest Wildlife Research Group

Fisher and marten demography and habitat use in Minnesota.	
John Erb, Barry Sampson, and Pam Coy	51
Dynamics of a Minnesota moose population in a warming climate.	
Mark S. Lenarz, John Fieberg, Michael W. Schrage, and Andrew J. Edwards	61
Temperature relationships in moose habitat: a pilot.	
Mark S. Lenarz	62
Assessing winter body condition of moose (<i>Alces alces</i>) in a declining population in northeastern Minnesota.	
Glenn D. DeGiudice, Barry A. Sampson, Mark S. Lenarz, Michael W. Schrage, and Andrew J. Edwards	65

Moose population dynamics in northeastern Minnesota.	
Mark S. Lenarz, Michael W. Schrage, Andrew J. Edwards, and Michael Nelson ...	66
A review of the ecology of <i>Parelaphostrongylus tenuis</i> in relation to deer and moose in North America.	
Mark S. Lenarz	70
Andean bear density and abundance estimates – how reliable and useful are they?	
David L. Garshelis.....	76
Ecology and population dynamics of black bears in Minnesota.	
David L. Garshelis and Karen V. Noyce	77
Preliminary results of tetracycline mark-recapture estimation of Minnesota's black bear population, 2008.	
Karen V. Noyce and David L. Garshelis.....	92
Habitat selection by male ruffed grouse at multiple spatial scales.	
Meadow J. Kouffeld, Michael A. Larson, and R. J. Gutierrez.....	104
Habitat selection, nest success, and survival of sharp-tailed grouse in relation to management of open landscapes in Minnesota.	
J. Wesley Bailey and Michael A. Larson	109
Assessing the relationship of conifer thermal cover to winter distribution, movements, and survival of female white-tailed deer in north central Minnesota.	
Glenn D. DelGiudice and Barry A. Sampson	120
Understanding diel winter movements of northern white-tailed deer.	
Christopher O. Kochanny and Glenn D. DelGiudice	131
Comparing global positioning system and very high frequency telemetry home ranges of white-tailed deer.	
Christopher O. Kochanny, Glenn D. DelGiudice, and John Fieberg.....	132

Wetland Wildlife Research Group

Comparison of native grassland management treatments to spring prescribed burns, a pilot study.

Dave Rave, Kevin Kotts, and John Fieberg 133

2008 ring-necked duck breeding pair survey.

Christine M. Sousa, David P. Rave, Michael C. Zicus, John R. Fieberg, John H. Giudice, and Robert G. Wright..... 146

Nesting ecology of ring-necked ducks in northern Minnesota.

Charlotte Roy, Christine Sousa, Jody Kennedy, and Elizabeth Rave..... 158

Movements, survival, and refuge use by ring-necked ducks after fledging in Minnesota.

Charlotte Roy, Christine Sousa, David Rave, Wayne Brininger, and Michelle McDowel162

Assessing characteristics of Kenogama lake, a shallow waterfowl lake in northern Minnesota: two year summary.

Mark A. Hanson, Andrew Folkers, Neil Rude, and Donald Cloutman 169

Wildlife Disease Program

Managing Bovine Tuberculosis in white-tailed deer in northwestern Minnesota: a 2008 progress report.

Michelle Carstensen, Erika Butler, Michael DonCarlos, and Lou Cornicelli 193

Preliminary results from the 2007-2008 moose herd health assessment project.

Erika Butler, Michelle Carstensen, Mike Schrage, David Pauly, Mark Lenarz, and Lou Cornicelli 205

Surveillance for highly pathogenic avian influenza in Minnesota's waterfowl.

Michelle Carstensen and Michael DonCarlos 216

Minnesota Department of Natural Resources CWD surveillance program 2008.

Michelle Carstensen, Erika Butler, Michael DonCarlos, and Lou Cornicelli 223

Publications 227
