

BEAR BAIT STATION REGISTRATION

Use of drum on public land. A resident may use a drum to bait bear on public land but must pay a **\$5 surcharge per drum**. Use of a drum must be indicated on bear bait registration form, and **requires GPS location**. A bear drum privilege can be purchased online, in the app, or at an agent.

Only three baits may be registered for each licensed bear hunter. If multiple people are hunting together, and more than 3 baits are being placed, a separate bait registration form must be submitted.

DIRECTIONS: Please clearly PRINT all information. Provide the following information in the boxes below: name, address, MDNR#, and phone# of person **who established** the bear bait station if different from the licensee and the licensee's name and MDNR#.

Provide information below for each bait station you establish. You must use Township/Range/Section to register your baits. **GPS coordinates required for use of drum.** Definitions: Township = North/South coordinates; Range = East/West coordinates; Section = #1-36.

This form **must be mailed no later** than the next postal service day following establishment of the bait station. Refer to the map on page 3 to find the location of your bait station within the appropriate cross-hatched area. Mail, email or fax your form to the address listed for that area.

PLEASE PRINT

Person establishing bait - Name (Last, First, MI)		Telephone (include area code)	
Address (Street, City, State, Zip Code)			
Customer number (MNDNR# from your license):		Bear Permit Area	
Person for whom bait is being established (if different from above)		Customer number (MNDNR# from your license):	

Bait site (check one)	☐ Established	☐ Abandoned	Use of drum at this bait site (check one)		☐ Yes	☐ No

TENNESSEN WARNING

The DNR is asking you to provide private or confidential data under the Minnesota Government Data Practices Act (MGDPA). DNR is collecting the data for the purpose of registering your bear bait stations. The DNR will not use the data for any other purpose than to register the bait stations. You are not required to provide this data, but if you refuse to provide it, you will not be able to register your bait stations.

The DNR must protect the privacy of this data and will not use it other than for the reasons listed on this form. The following individuals and entities may have access to the information you provide: Employees and officials of the Minnesota Department of Natural Resources whose work assignment reasonably require access to the information and other persons or entities authorized by a state or federal law. The DNR will not release or share this data unless you give us consent in writing or a court orders us to release the data.

Acknowledgment

By signing below, I acknowledge that I have received and read this Tennesen warning.
