Wildlife Manager Report

Deer Permit Area (DPA) 225 is in the northern portions of Isanti and Chisago Counties along with the southeast portion of Mille Lacs, and the southern part of Kanabec and Pine Counties. DPA 225 is still above goal level and growing even though we stepped up management designations with Three-deer limit and an early antlerless season last year. The recommendation is to curb growth and bring the population back down towards goal level, thus a Three-deer limit with an early antlerless will again be implemented in 2024.
