CHRONIC WASTING DISEASE (CWD) ZONES AND SAMPLING STATIONS

CWD sampling requirements

***NEW**—Sample submission for CWD testing is mandatory for all hunters that harvest deer 1 year old or older in a CWD surveillance zone or management zone on opening weekend of firearms A season (Nov. 4 - 5), regardless of weapon type. Sampling stations are listed on pages 79-82 of the 2023 Hunting and Trapping Regulations or online at mndnr.gov/cwd.

After the mandatory sampling weekend, hunters in a management zone may bring the head of their harvested deer to self-service sampling stations to voluntarily provide samples for testing during the remaining firearms season. Hunters statewide can use

the partner sampling program, mail-in sampling program (details on pages 77 and 78), or contact their area wildlife office to make an appointment.

> CWD Testing Areas: mndnr.gov/cwd

> CWD Test Results: mndnr.gov/cwdcheck

Deer feeding and attractant bans

Deer feeding and attractant bans are in place near areas where CWD has been detected. Find details and a map on page 86 of the 2023 Hunting and Trapping Regulations.

Carcass movement restrictions

Moving whole carcasses in Minnesota is restricted in certain circumstances. Whole carcasses are defined as those with the head, brain tissue, and the spinal column of the deer attached.

Whole carcasses of cervidae, including deer, elk and moose species, harvested anywhere outside of Minnesota may not be brought into the state. (Nonresidents transporting whole or partial carcasses on a direct route through Minnesota are exempt from this restriction.)

Whole carcasses of deer harvested in a CWD management zone (shown on maps 1 and 2) must remain in that particular zone until a "not detected" test is confirmed. However, the meat or guarters can leave the zone immediately.

There are no carcass movement restrictions for deer harvested in Minnesota outside of the CWD management zones.

More information on carcass movement restrictions can be found on page 78 of the 2023 Hunting and Trapping Regulations.

More information

See reverse side for the deer season area map and rifle/shotgun restrictions. Information and open permit areas for the early antierless season and late CWD hunt are shown on the reverse side.

Deer permit area bag limit designations are listed by individual deer permit area on pages 71 and 72 of the 2023 Hunting Regulations.

Information on the limit for antlered bucks is on page 76 of the 2023 Hunting and Trapping Regulations.
