

DNR Local Governments Forum – April 19, 2023
Culverts & Crossings:

Agenda

- Welcome & Introduction
- Presentation & Discussion on Culverts & Crossings, featuring:
 - Jen Sorensen, DNR Public Waters Permit Program, and Ceil Strauss, DNR Floodplain Program, will provide an overview of public waters and floodplain permitting requirements and when a Letter of Map Revision (LOMR) is needed.
 - Brady Swenson, DNR Stream Habitat Specialist, will talk about aquatic organism passage.
 - Amy Childers, DNR Stream Habitat Specialist, will talk about what happens to streambank stability when culverts aren't installed properly.
 - Salam Murtada, DNR Hydrologist, will talk about FP culverts – what they are and why they're beneficial.
- Training Updates
- Future Forum Topics
