¹Does not include deer harvested in permit area 679 and 684 (included in 100 Series) or 604, and 661 (included in the 200 series); in 2024 a person could hunt the A or B season in the 600 series regardless of license type and thus hunter numbers and success rates are combined and only an estimate.

² Cannot estimate hunter numbers for youth, early antlerless and late cwd hunts because licenses are not exclusive to those seasons;

³Number of hunters that harvested at least one deer.
